Ordering

If you want to place an order, please see below the following options:

1. E-mail your order to **orders@luminexcorp.com**
2. Fax your order to +31.73.800.1998
3. Call +31.73.800.1900 if you have additional questions about ordering*
4. For product information email **europe@luminexcorp.com** with your interest/questions

For faster service, please include the following information with the order:

1. Company Name
2. Name, E-mail Address and Phone Number of Purchasing Agent
3. Name, E-mail Address and Phone Number of the End User
4. Valid Purchase Order Number
5. Complete Billing and Shipping Addresses with Contactname and Phone Number, including VAT-number Billing Address
6. Product Number, Description, Pricing and Quantity
7. Net 30 Payment Terms
8. Freight terms: FOB shipping point

Please use the following supplier details on your PO:

Luminex Corporation

12212 Technology Blvd

Austin, TX 78727

Freight charges, duties and taxes will be added to the invoice when applicable.

*For accuracy and confirmation purposes, we do not accept orders over the phone.
Prior to placing an order, we refer to our Terms and Conditions of Sale policy, our Quality Assurance policy, and the Reagent Shipping policy on our website **http://www.luminexcorp.eu/About_Us/ContactLuminex/TERMS-AND-CONDITIONS-OF-SALE**

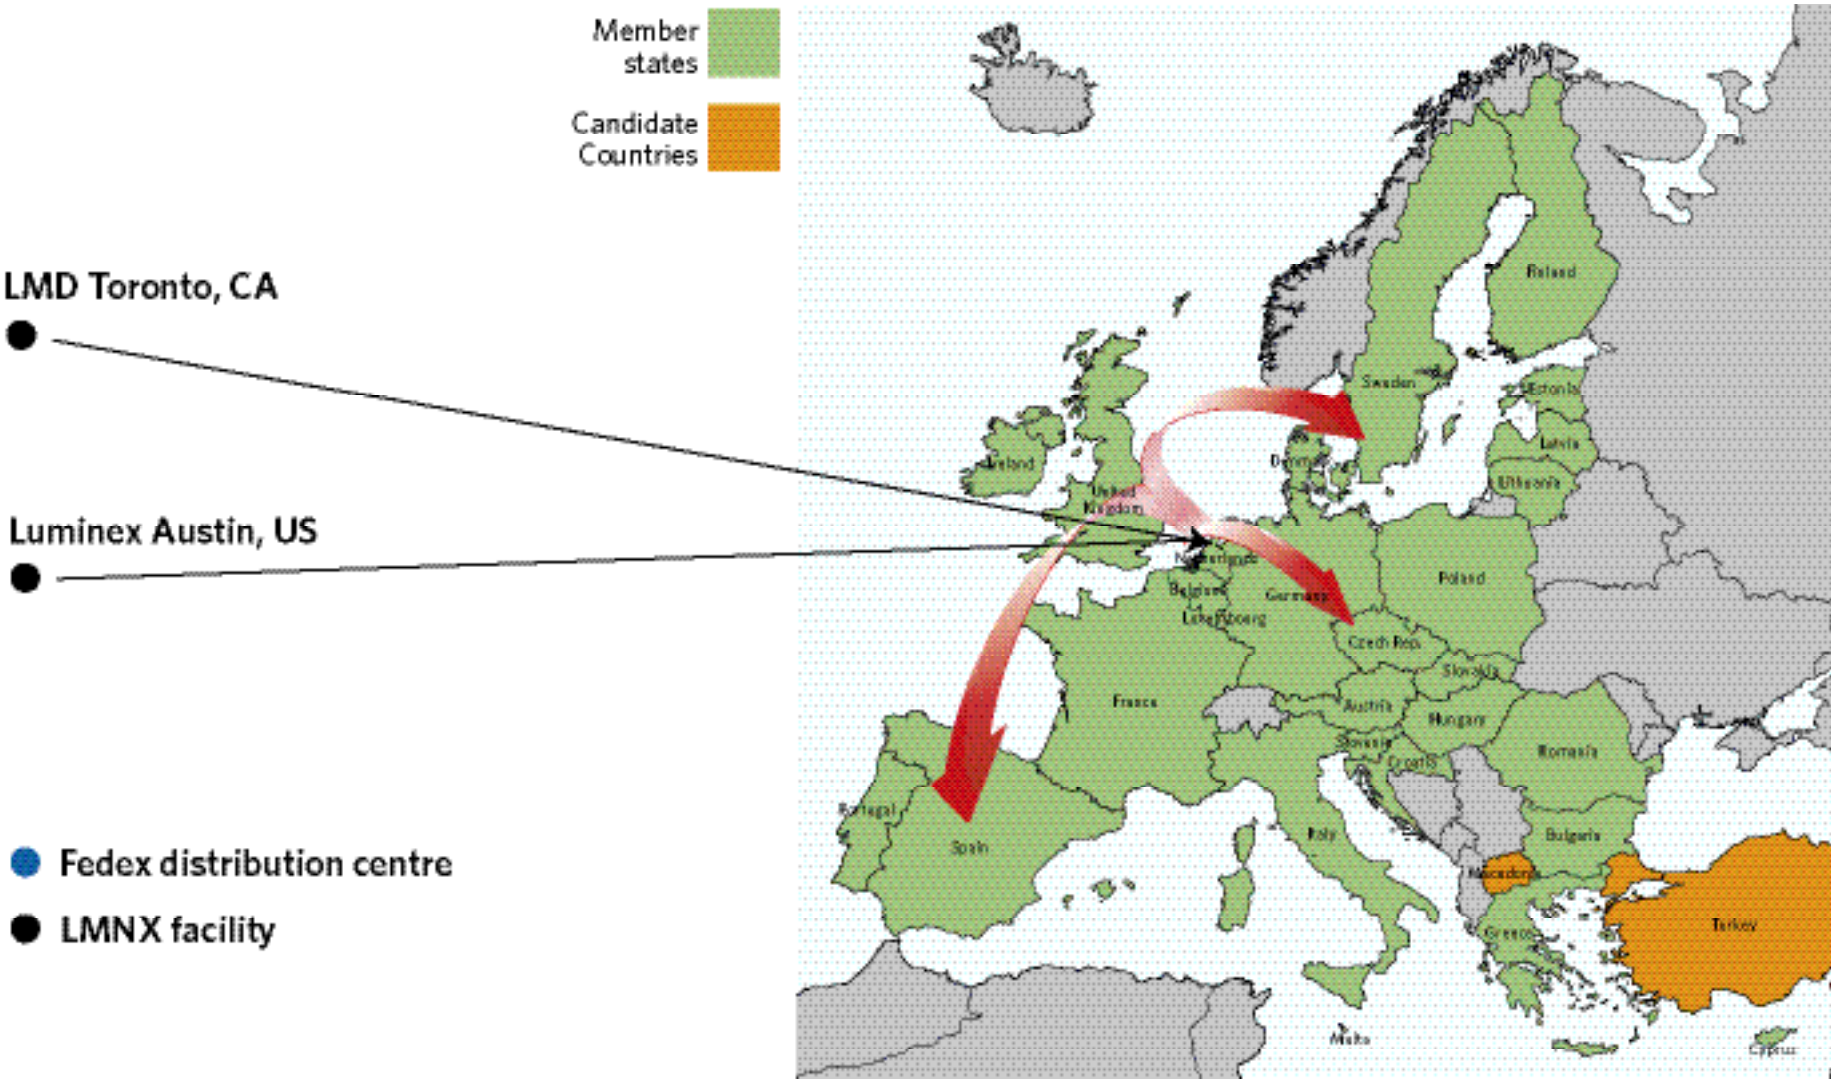
Our standard payment terms are NET 30 and our freight terms are FOB shipping point.

All orders are subject to final acceptance by Luminex at the prices in effect at the time of shipment and are based on Luminex Corporation's sales terms and conditions.

Luminex' office contact details: on our website
http://www.luminexcorp.eu/About_Us/ContactLuminex/

Disclaimer: the prices are an indication; no rights can be obtained from this list. Luminex reserves the right to changes prices due to modified exchange rates.

Flow of goods for VAT entrepreneurs



New supply chain solution for EU customers

Luminex International Corporation and Luminex Molecular Diagnostics Inc. are now registered in the Netherlands for VAT purposes. Simultaneously we've restructured our logistical flow and products will be delivered from a Dutch warehouse. Consequently the transaction will be taxed at 0% based on VAT legislation assuming your entity has a valid VAT ID and therefore qualifies as a VAT entrepreneur in the EU. We reserve the right to charge for additional VAT if your entity turns out not to qualify as a VAT entrepreneur. Details of this benefit can be provided upon request but will also be enclosed with each invoice sent to EU customers.
